PERSONAL PROFILE

A passionate and ready undergraduate looking to further my knowledge of level design within an industry setting. Experience with industry software such as Unreal Engine, Hammer, Blender, and Photoshop. Knowledgeable in Games Design with a focus in Level Design.

WORK EXPERIENCE

CEX, Stratford — *Sales Associate*

July 2023 - September 2023

Worked as an employee at CEX during the summer. This experience taught me to better collaborate as a team, communicate with customers, and time-management.

EDUCATION

University of Staffordshire London, Stratford — *Computer Games Design*

September 2022 - May 2025

First-Honours, Computer Games Design degree with a focus in Level Design. Achieved an award for level design chosen by industry professionals.

New City College Havering Sixth Form, Hornchurch — *Games Design/Information Technology*

September 2020 - June 2022

Distinction-Distinction-Merit in BTECs for the combined subjects.
